NeoNexus 36.0 Hackathon Abstract Submission Template

(2-3 pages max)

Team Details:

- **Team Name:**
- **Team Leader:**
- **Team Members (Name + USN):**
- **College Name:**
- **Contact Email / Phone:**

Problem Statement:

Mention the exact problem statement chosen from the list.

Problem Overview :

Briefly describe the real-world problem you are solving and why it matters.

Proposed Solution :

Explain your idea clearly. Describe how your solution addresses the problem, what it does, and how users will interact with it.

Innovation & Uniqueness :

What makes your solution new, creative, or better than current approaches?

Tech Stack / Tools :

List major technologies, languages, frameworks, APIs, or hardware you'll use.
Example: React, Firebase, Python, YOLOv8, Google Maps API

⌖ **Expected Outcome :**

What do you plan to build during the hackathon, and what will be the final deliverable or output?
